

How to get the team notifications

Install the app on your phone and turn on notifications — it takes 2 minutes.

Hi! With the team app you'll get all the important alerts — **trainings, matches, schedule changes** — right on your phone, even when the app is closed. To receive them you just need to do **two things, once**: install the app on your home screen and turn on notifications. It's free. Just follow the steps below: use the **iPhone** or the **Android** column, depending on your phone.

iPhone (iOS 16.4 or newer)

- 1 Open **volley-nafels.vercel.app** in **Safari** (it must be Safari, not Chrome).
- 2 Tap the **Share** button (the square with the up arrow, at the bottom center).
- 3 Scroll down and tap **"Add to Home Screen"**.
- 4 Tap **"Add"** (top right).
- 5 Open the app from the **new icon** on your screen.
- 6 Sign in with **your name and PIN** (00 + your jersey number).
- 7 Tap the red **"Activate notifications"** button (bottom left).
- 8 Tap **"Allow"**. Done!

Android

- 1 Open **volley-nafels.vercel.app** in **Chrome**.
- 2 Tap the **3 dots** (top right).
- 3 Tap **"Install app"** or **"Add to Home screen"**.
- 4 Confirm **"Install"**.
- 5 Open the app from the **new icon**.
- 6 Sign in with **your name and PIN** (00 + your number).
- 7 Tap **"Activate notifications"**.
- 8 Tap **"Allow"**. Done!

Important — iPhone: if you don't install the app (steps 1 to 5), you will **NOT receive notifications**. It's an Apple rule — adding it to the Home Screen is mandatory.

Always sign in with your name (not as a guest): that way you also get the **personal** notifications from the coach, not just the team ones.
